

Job Description: Zoho Developer

Position: Zoho Developer

Location: [Spaze i-Tech Park, Gurugram, India / Remote]

Experience: [1.5 - 2 years]

Employment Type: Full-Time / Contract

Job Summary:

We are looking for a skilled **Zoho Developer** to design, customize, and optimize Zoho applications, including CRM, Zoho Creator, Zoho Books, and other Zoho Suite products. The ideal candidate should have strong expertise in **Deluge scripting, API integrations, and workflow automation** to enhance business processes efficiently.

Key Responsibilities:

- Develop, customize, and maintain **Zoho CRM, Zoho Creator, Zoho Books, Zoho Desk, and other Zoho applications** as per business needs.
- Write **Deluge scripts** for automation, validation, and seamless integration between Zoho apps.
- Implement and configure **workflows, blueprints, reports, dashboards, and custom modules** in Zoho CRM.
- Integrate Zoho with third-party applications using **REST APIs, Webhooks, and OAuth authentication**.
- Develop and maintain **custom applications using Zoho Creator** and extend functionalities using Zoho's platform tools.
- Optimize Zoho system performance, troubleshoot technical issues, and provide end-user support.
- Collaborate with cross-functional teams to analyze requirements and provide **Zoho-based solutions**.
- Stay updated with Zoho's new features and best practices to ensure optimal application usage.

Required Skills & Qualifications:

- **1.5 - 2 years of experience** working with Zoho applications (CRM, Creator, Desk, Books, etc.).
- Strong proficiency in **Deluge scripting, workflow automation, and custom functions**.
- Experience integrating Zoho applications with external platforms using **APIs and web services**.
- Solid understanding of **business processes, sales automation, and data management** in Zoho.
- Ability to design and optimize **custom dashboards, reports, and blueprints** in Zoho CRM.

- Hands-on experience with **Zoho Flow, Zoho Analytics, Zoho Books, and other Zoho apps** is a plus.
- Strong problem-solving skills and ability to work independently on Zoho implementations.
- Good understanding of **SQL, JavaScript, or Python** for advanced integrations (preferred).

Preferred Qualifications:

- **Zoho Certified Developer** or equivalent experience.
- Experience in **third-party integrations (Zapier, Google Workspace, Payment Gateways, etc.)**.
- Previous experience working with **ERP, sales, and marketing automation** using Zoho.

Benefits:

- Competitive salary and benefits package.
- Flexible work environment (remote/hybrid options available).
- Opportunity to work with an innovative team on challenging Zoho projects.
- Learning and growth opportunities with certifications and training support.
